

My writing today is in reference to changing the status of LPFM stations. It is my opinion that this change would not be in the best interest of my community as it would adversely affect our reception of stations such as K-LOVE (KYLX locally). K-LOVE provides a unique service in that music which is wholesome and affirming can be listened to in the Oklahoma City area. Events that are beneficial to, and supportive of, the family are broadcast regularly through KYLV. I have found no other station that provides such a vital service to our community; to give priority to the LPFM stations would greatly hinder if not completely prevent the transmission of signals such as the one we receive for K-LOVE. Please, I urge you, do not make this change -- it is not in our best interest. Thank you for your time.
